linked to ordinary shares of BANCO BILBAO VIZCAYA ARGENTARIA SA**

PART A - CONTRACTUAL TERMS

This document constitutes the Final Terms relating to the issue of the Tranche of Notes described herein. Terms used herein shall be deemed to be defined as such for the purposes of the terms and conditions of the Notes (the "**Conditions**") set forth in the Base Prospectus dated 27 July 2011 in relation to the above Programme and the supplemental Prospectuses dated 15 August 2011, 9 September 2011, 14 December 2011 and 12 March 2012 which together constitute a base prospectus (the "**Prospectus**") for the purposes of the Prospectus Directive (Directive 2003/71/EC) (the "**Prospectus Directive**"). This document constitutes the Final Terms of the Notes described herein for the purposes of Article 5.4 of the Prospectus Directive and must be read in conjunction with such Prospectus. Full information on the Issuer and the offer of the Notes is only available on the basis of the combination of these Final Terms and the Prospectus. The Prospectus is available for viewing at *HSBC Bank plc, 8 Canada Square, London E14 5HQ* and copies may be obtained from *HSBC Bank plc, 8 Canada Square, London E14 5HQ*.

The Notes described herein have a scheduled maturity on 05 June 2013, bear interest payable at the fixed rate specified herein on scheduled interest payment dates and are linked to the price performance of the ordinary shares of BANCO BILBAO VIZCAYA ARGENTARIA SA defined as the Security herein, as determined by the Calculation Agent (as defined herein). The price performance of the Security on particular dates may result in the redemption of the Notes prior to scheduled maturity at their nominal amount. The price performance of the Security will also determine the basis for redemption of the Notes at scheduled maturity. Unless the Notes have been redeemed early, the Notes will be redeemed at scheduled maturity at their nominal amount if, on the Valuation Date (as defined herein), the Calculation Agent determines that the Final Price (as defined herein) of the Security is greater than or equal to the Initial Price (as defined herein) of such Security or that the Final Price of the Security is less than the Initial Price of such Security but a Trigger Event (as defined herein) has not occurred. Otherwise, if, on the Valuation Date, the Calculation Agent determines that the Final Price of the Security is less than the Initial Price of such Security and a Trigger Event has occurred, the Notes will be redeemed by payment of an amount in cash less than the nominal amount of the Notes and equal to the product of such nominal amount and the fraction of which the numerator is the Final Price of the Security and the denominator is the Initial Price of such Security, determined by the Calculation Amount. The Notes are redeemable prior to scheduled maturity in certain circumstances at an amount determined by the Calculation Agent which may be less than their nominal amount.

Investing in the Notes involves substantial risks. As a consequence, prospective investors should be aware that the Notes are only intended for investors who have the knowledge and experience in financial and business matters necessary to enable them to evaluate the risks of an investment in the Notes. In purchasing any Notes, an investor will be deemed to represent that it is such an investor and has such knowledge and experience. Prospective investors should consider the risk factors set forth under "Risk Factors" in the Prospectus and the risks described herein.
