***The attention of investors is drawn to the section headed “Risk Factors” on page 4
of this Series Memorandum***

Banco Bilbao Vizcaya Argentaria, S.A.

This Series Memorandum incorporates by reference the contents of the programme memorandum (the “**Programme Memorandum**”) dated 16 December 2009 relating to Boiro Finance B.V. (the “**Issuer**”). This Series Memorandum is supplemental to, and should be read in conjunction with, the Programme Memorandum and the Programme described therein. Save as provided below, the Issuer has taken all reasonable care to ensure that the information contained in this Series Memorandum is true and accurate in all material respects and that in the context of the issue of the Notes, there are no other material facts which would make misleading any statement herein or in the Programme Memorandum. The Issuer accepts responsibility accordingly.

The Issuer accepts responsibility for the information contained in this Series Memorandum. To the best of the knowledge and belief of the Issuer (which has taken all reasonable care to ensure that such is the case), such information contained in this Series Memorandum is in accordance with the facts and does not omit anything likely to affect the import of such information.

The delivery of this Series Memorandum at any time does not imply that any information contained herein is correct at any time subsequent to the date thereof.

The Notes are issued on the terms set out in this Series Memorandum read together with the Programme Memorandum.

This Series Memorandum does not constitute an offer of Notes and may not be used for the purposes of, an offer or solicitation by anyone in any jurisdiction in which such offer or solicitation is not authorised or to any person to whom it is unlawful to make such offer or solicitation, and no action is being taken to permit an offering of the Notes or the distribution of this Series Memorandum in any jurisdiction where such action is required.

No person has been authorised to give any information or to make representations other than those contained in this Series Memorandum in connection with the issue or sale of the Notes and, if given or made, such information or representations must not be relied upon as having been authorised by the Issuer, the Dealer, the Trustee or any of them. Neither the delivery of this Series Memorandum nor any sale made in connection herewith shall, under any circumstances, create any implication that there has been no change in the affairs of the Issuer since the date hereof.

Particular attention is drawn to the sections of this Series Memorandum headed “Risk Factors”.

THE NOTES HAVE NOT BEEN AND WILL NOT BE REGISTERED UNDER THE UNITED STATES SECURITIES ACT OF 1933, AS AMENDED (THE “**SECURITIES ACT**”), OR ANY STATE SECURITIES LAWS, AND THE ISSUER IS NOT AND WILL NOT BE REGISTERED UNDER THE UNITED STATES INVESTMENT COMPANY ACT OF 1940, AS AMENDED (THE “**INVESTMENT COMPANY ACT**”). THE NOTES MAY NOT BE OFFERED, SOLD OR OTHERWISE TRANSFERRED WITHIN THE UNITED STATES OR TO, OR FOR THE ACCOUNT OR BENEFIT OF, ANY U.S. PERSON (AS DEFINED IN REGULATION S UNDER THE SECURITIES ACT).

Each purchaser or holder of Notes will be deemed to represent that it is not, and for so long as it holds any Notes will not be, an employee benefit plan subject to the fiduciary responsibility provisions of ERISA, a plan subject to Section 4975 of the United States Internal Revenue Code of 1986, as amended, a person or entity whose assets include the assets of any such employee benefit plan or plan by reason of 29 C.F.R. Section 2510.3-101 or otherwise, or any other employee benefit plan without regard to the federal, state, local or foreign law pursuant to which the plan is organized or administered, and such purchaser or holder is not using the assets of any such plan to acquire the Notes.

RISK FACTORS

The following is a description of certain aspects of the issue of the Notes of which any prospective purchaser of Notes should be aware, but it is not intended to be exhaustive and any prospective purchaser of Notes should also read the detailed information set out elsewhere in this document and in particular, the attention of prospective purchasers of Notes is drawn to “Risk Factors” in the Programme Memorandum.

The purchase of any Notes involves substantial risks. Each prospective purchaser of Notes should be familiar with instruments having characteristics similar to the Notes and should fully review all documentation for and understand the terms of the Notes and the nature and extent of its exposure to risk of loss.

Before making an investment decision, prospective purchasers of, or investors in, Notes should conduct such independent investigation and analysis regarding the Issuer, the Notes, the Mortgaged Property, each Counterparty under a Charged Agreement and all other relevant persons and such market and economic factors as they deem appropriate to evaluate the merits and risks of an investment in the Notes. However as part of such independent investigation and analysis, prospective purchasers of Notes should consider carefully all the information set forth in the Programme Memorandum relating to the Programme and the Issuer and this Series Memorandum and the considerations set out below.

Investment in the Notes is only suitable for investors who:

- (1) have the requisite knowledge and experience in financial and business matters, and access to, and knowledge of, appropriate analytical resources, to evaluate the information contained in this Programme Memorandum and the relevant Series Memorandum and the merits and risks of an investment in the Issuer in the context of such investors’ financial, tax and regulatory circumstances and investment objectives;
- (2) are capable of bearing the economic risk of an investment in the Issuer for an indefinite period of time and the risk of the entire loss of any investment in the Issuer;
- (3) are acquiring the Notes for their own account for investment, not with a view to resale, distribution or other disposition of the Notes; and
- (4) recognise that there is no secondary market for the Notes, and no secondary market is expected to develop in respect thereof, so that the purchase of the Notes is suitable only for investors who can bear the risks associated with a lack of liquidity in the Notes and who are prepared to hold the Notes for an indefinite period of time or until the final redemption or maturity of the Notes.

The Issuer and the Arranger may, in their discretion, disregard interest shown by a prospective investor even though that investor satisfies the foregoing suitability standards.

Limited Recourse

All payments to be made by the Issuer in respect of the Notes, Receipts and Coupons (if any) of each Series and any Charged Agreement relating to such Series will only be due and payable from and to the extent of the sums received or recovered from time to time by or on behalf of the Issuer or the Trustee in respect of the Mortgaged Property in relation to such Series of Notes (the “Relevant Sums”).

To the extent that the Relevant Sums are less than the amount which the holders of the Notes, Receipts and Coupons (if any) and any Counterparty expected to receive (the difference being referred to herein as a “**shortfall**”), such shortfall will be borne, following enforcement of the security for the Notes, in the inverse of the order of priorities on enforcement specified in Condition 4(d), unless otherwise provided in the applicable Series Memorandum and the related Constituting Instrument and/or Additional Charging Instrument, if applicable.

Limitation on claims against the Issuer

There can be no assurance that the amount payable on any early redemption or enforcement of the security for the Notes will be equal to the outstanding principal amount of the Notes. Any shortfall in payments due to the Noteholders will be borne in accordance with the Priority of Payments specified in Paragraph 11 of “the Terms and Conditions of the Notes”, and any claims of the Noteholders remaining after a mandatory redemption of the Notes or a realisation of the security and application of the proceeds as aforesaid shall be extinguished. None of the Programme Parties or the obligors under the Mortgaged Property (other than the Issuer) has any obligation to any Noteholder for payment of any amount owing by the Issuer in respect of the Notes.

No Charged Assets and claim against the underlying shares

Prospective purchasers of the Notes should take into account, when making a decision as to whether or not to invest in the Notes, that there are no Charged Assets for the Notes. In addition, a holder of Notes will have no beneficial interest in the underlying reference shares in the Basket (as defined in the Swap Confirmation).

Limited liquidity

There is currently no market for the Notes and there can be no assurance that any secondary market will develop and, if a secondary market does develop, that it will provide Noteholders with liquidity of investment or that it will continue for the life of the Notes. Consequently, a purchaser must be prepared to hold the Notes for an indefinite period of time.

Early Redemption of the Notes under Conditions 7 (b), 7 (c) or 9

The Notes may be subject to early redemption under Condition 7 (b) Mandatory redemption, Condition 7 (c) Redemption for taxation and other reasons, and Condition 9 Events of Default. In the event that the Notes are redeemed prior to the Maturity Date in accordance with such provisions, it is very unlikely that the funds available to the Issuer for making payments in respect of interest and principal amounts of the Notes will be sufficient. Accordingly, if the Notes are subject to early redemption under any of such provisions, investors are exposed to the loss of a substantial part or, even, all of their investment in the Notes, including both principal and accrued interest.

Credit Considerations

A prospective purchaser of the Notes should have such knowledge and experience in financial and business matters and expertise in assessing credit risk that it is capable of evaluating the merits, risks and suitability of investing in the Notes including any credit risk associated with the Issuer, any Counterparty or other obligor with respect to the Mortgaged Property. None of the Issuer, any of the Programme Parties or any of their respective affiliates will have any responsibility or duty to make any such investigations, to keep any such matters under review or to provide the prospective purchasers of the Notes with any information in relation to such matters or to advise as to the attendant risks.

Prospective purchasers of Notes should take into account, when making a decision as to whether or not to invest in the Notes, that the timing of redemption of the Notes, the amount due to be paid upon redemption of the Notes and the timing and the amount of any interest and principal due on the Notes is dependent on the performance of the Charged Agreement.

Taxation

Each Noteholder will assume and be solely responsible for any and all taxes of any jurisdiction or governmental or regulatory authority, including, without limitation, any state or local taxes or other like assessment or charges that may be applicable to any payment to it in respect of the Notes. The Issuer will not pay any additional amounts to Noteholders to reimburse them for any tax, assessment or charge required to be withheld or deducted from payments in respect of the Notes.

Legality of purchase

None of the Issuer, any of the Programme Parties or any of their respective affiliates has or assumes responsibility for the lawfulness of the acquisition of the Notes by a prospective purchaser of the Notes, whether under the laws of the jurisdiction of its incorporation or the jurisdiction in which it operates (if different), or for compliance by that prospective purchaser with any law, regulation or regulatory policy applicable to it.

Arm's-length contractual counterparty

The Counterparty is merely an arm's-length contractual counterparty to the Issuer and is not its financial adviser or fiduciary.

Independent Review and Advice

Each prospective purchaser of Notes is responsible for its own independent appraisal of and investigation into the business, financial condition, prospects, creditworthiness, status and affairs of any obligor under the Charged Assets, as well as the risks in respect of the Notes and their terms, including, without limitation, any tax, accounting, credit, legal and regulatory risks.

Business Relationships

The Issuer, any of the Programme Parties and any of their respective affiliates may be affiliated to each other (other than the Issuer) or have existing or future business relationships with each other or with any issuer or obligor of a Charged Asset (including, but not limited to, lending, depository, risk management, advisory and banking relationships), and will pursue actions and take steps that they deem or it deems necessary or appropriate to protect their or its interests arising therefrom without regard to the consequences for a Noteholder.

Volatility

The market value of the Notes (whether indicative or firm) will vary over time and may be significantly less than par (or even zero) in certain circumstances. The Notes may not trade at par or at all.

The Notes are not capital protected

Prospective investors should be aware that the Notes are not capital protected. If the Notes are not redeemed early then in certain circumstances the Redemption Amount may be less than the outstanding principal amount of the Notes.

Investments in Equity Linked Notes

Equity Linked Notes are debt securities which do not provide for predetermined redemption amounts but amounts due in respect of principal will be dependent upon the performance of the Shares forming part of the Basket. In addition, interest amounts will also be dependent upon the performance of the Shares.

An investment in Equity Linked Notes therefore entails significant risks that are not associated with similar investments in a conventional fixed or floating rate debt security. These risks include, among other things, the possibility that:

- the Shares in the Basket may be subject to significant fluctuations in their value;
- the holder of an Equity Linked Note could lose a portion of the principal of such Note (whether payable at maturity or upon redemption or repayment).

Exposure to the Swap

The investor will be exposed to the risk of the swap counterparty and to the market exposure of the interest rate swap.

Section 6.6(c) of the Equity Definition ISDA 2002 is replaced in its entirety by the words:

If any Valuation Date is a Disrupted Day, in the case of a Share Basket Option Transaction, the Valuation Date for all the Shares shall be the first succeeding Scheduled Trading Day that is not a Disrupted Day relating to any Share; unless each of the five Scheduled Trading Days immediately following the Scheduled Valuation Date is a Disrupted Day relating to any Share. In that case, (i) that fifth Scheduled Trading Date shall be deemed to be the Valuation Date for all Shares, notwithstanding the fact that such day is a Disrupted Day, and (ii) the Calculation Agent shall determine its good faith estimate of the value for the affected Share as of the Valuation Time on that fifth Scheduled Trading Day.

Additional Disruption Event

Change in Law: Applicable

Section 12.9 (a) (ii) of the Equity Definition ISDA 2002 is replaced in its entirety by the words: "Change in Law" means that, on or after the Trade Date of the Transaction (A) due to the adoption of or any change in any applicable law or regulation (including without limitation, any tax law), or (B) due to the promulgation of or any change in the interpretation by any court, tribunal or regulatory authority with competent jurisdiction of any applicable law or regulation (including any action taken by a taxing authority) the Calculation Agent determines in good faith that it has become illegal for a party to that Transaction to hold, acquire or dispose of Hedge Position relating to such Transaction, provided that this Section 12.9(a)(ii) shall not apply if the Calculation Agent determines that such party could have taken reasonable steps to avoid such illegality"

Additional Extraordinary Events

Mean each event that may cause and increase or reduction in the number of Shares comprised in the Basket.

All references in these "Extraordinary Events" provisions to "Strike Price" shall be deemed to include not only Strike Price, but Initial Price and any other price of a Share that has been determined and used to calculate any cash amount or to settle the Transaction by means of delivery of Shares, as the case may be, according to this Confirmation.

All references in these "Extraordinary Events" provisions to "Relevant Price" shall be deemed to include not only Relevant Price, but Final Price, and any other price of a Share that has not been determined yet and that will be used to calculate any cash amount or to settle the Transaction by means of physical delivery of Shares, as the case may be, according to this Confirmation.

A) Merger Event between Issuers of Shares comprised in the Basket (the "Affected Shares"):

- (i) The resulting Share from the merger will continue forming part of the Basket (the "Successor Share") and the Calculation Agent may make the required adjustment, if any, according to the Consequences of Merger Event provisions.
- (ii) Additionally, in order to maintain the same number of Basket components and according to the Substitution Method provision, New Share/s will be added to the Basket, and the Strike Price will be adjusted according to the Adjustment in the New Share provision.

B) Tender Offer between Issuers of Shares comprised in the Basket (the "Affected Shares"):

- (i) The Share of the Issuer that has obtained the voting rights of the Issuer of another Share will continue forming part of the Basket (the "Successor Share") and the

Calculation Agent may make the required adjustment, if any, according to the Consequences of Tender Offers provisions.

- (ii) Additionally, in order to maintain the same number of Basket components and according to Substitution Method provision, New Share/s will be added to the Basket, and the Strike Price will be adjusted according to the Adjustment of the New Share provision.

C) Nationalization, Insolvency or Delisting. In these cases, the Calculation Agent will add New Share/s to the Basket to substitute the Share/s affected by Nationalization, Insolvency or Delisting (the "Affected Share/s"), according to the Substitution Method, in order to maintain the same number of Basket components. Additionally, the Calculation Agent will determine the Strike Price/s of the New Share/s according to the Adjustment of the New Share provision.

D) Spin off or De-merger of an Issuer of a Share:

If an Issuer of a Share comprised in the Basket (the "Affected Share") de-merges or "spins-off" other entity/entities from it, the Affected Share will be substituted by a Basket component according to the following procedures:

- a.) In the event of assignment of a relevant part of the assets of the Affected Share's Issuer to an entity/entities resulting from the de-merger or spin-off (Spun-off Share/s) of the Affected Share's Issuer without going into winding up or liquidation, the Relevant Price for this Basket component shall be determined by the sum of the relevant price of the Affected Share plus the result of the product of the Consideration Factor (as defined below) and the relevant price of the Spun-off Share/s.
- b.) In the event of a De-merger or Spun off of the Affected Share's Issuer that results (i) the Affected Share ceased to exist (ii) the incorporation of two or more Issuers of shares (Spun-off Shares), the Relevant Price for this Basket component shall be determined by the addition of the resulting product of the Consideration Factor (as defined below) and the relevant price of each Spun-off Share.

Consideration Factor means the proportion (expressed as a decimal) of a Spun-off Share that is obtained for each Affected Share according to the following formula:

Consideration Factor = Total number of Spun-off Shares/ total number of Affected Shares before the Spin off.

Substitution Method

The Calculation Agent, in order to maintain the same number of Shares in the Basket, as soon as reasonably practicable, after been aware of any event in paragraph A), B) or C) above, will communicate to the parties the new share/s (the "New Share/s") that will be included in the Basket in substitution of the Affected Share/s. The communication will also include the effective date of this Extraordinary Event (the "Effective Date").

If possible, each New Share will belong to the same economic sector and geographical area as that of the Affected Share, and will be selected taking into account the variables that affect the quotation of the shares and the derivative instruments which such share is underlying.

Both parties hereby agree and undertake that the New Shares shall be considered acceptable if there is no challenge by any of the parties within two Business Days after the communication.

Both parties also agree that any challenge to the communication must be made by written notice duly signed by a representative with sufficient capacity and delivered to the Calculation Agent to the correct address.

If either party challenges the determination according to the procedure above, the parties agree to appoint a mutually acceptable independent third party (the "Substitute Calculation Agent") that will be appointed within one Business Day following the notice of the challenge. If either party determines that the parties cannot agree on an independent third party, then each party shall select an Independent Leading Dealer (as defined below) in the relevant market. Those elected Independent Leading Dealers shall agree between them a third Independent Leading Dealer, who will perform the determination of the New Shares/s.

'Independent Leading Dealer' means an entity that is a leading dealer in the market for derivative products and is not controlled directly or indirectly by either of the parties. For this purpose 'Controlled' means ownership of a majority of the voting rights of the entity.

The costs, fees and expenses (if any) of any independent third party called upon to make any calculation or determination shall be borne equally by both parties.

Adjustment of the New Share/s

The Strike Price of the New Share on the Effective Date (SPNS) will be determined taking into account the proportional increase or decrease in the Affected Share/s price in the period between the moment on which the Strike Price was determined and the Exchange Business Day immediately prior to the Effective Date. Therefore, the Calculation Agent will make the adjustment according to the following formula:

$$SPNS = CPNS * SPAS / CPAS$$

SPNS: Strike Price of the New Share

CPNS: Closing Price of the New Share on the Exchange Business Day immediately prior to the Effective Date.

SPAS: Strike Price of the Affected Shares according to the Confirmation

CPAS: Closing Price of the Affected Share on the Exchange Business Day immediately prior to the Effective Date.

In the event of any inconsistency between the Programme Memorandum and this Series Memorandum, this Series Memorandum shall prevail.

European Economic Area

In relation to each Member State of the European Economic Area which has implemented the Prospectus Directive (each, a “**Relevant Member State**”), the Arranger and each Placement Agent has represented and agreed that with effect from and including the date on which the Prospectus Directive is implemented in that Relevant Member State (the “**Relevant Implementation Date**”) it has not made and will not make an offer of Notes which are the subject of the offering contemplated by this Programme Memorandum as completed by the Series Memorandum in relation thereto to the public in that Relevant Member State except that it may, with effect from and including the Relevant Implementation Date, make an offer of Notes to the public in that Relevant Member State:

- (a) if the Series Memorandum in relation to the Notes specifies that an offer of those Notes may be made other than pursuant to Article 3(2) of the Prospectus Directive in that Relevant Member State (a “**Non-exempt Offer**”), following the date of publication of a prospectus in relation to such Notes which has been approved by the competent authority in that Relevant Member State or, where appropriate, approved in another Relevant Member State and notified to the competent authority in that Relevant Member State, provided that any such prospectus has subsequently been completed by the Series Memorandum contemplating such Non-exempt Offer, in accordance with the Prospectus Directive, in the period beginning and ending on the dates specified in such prospectus or final terms, as applicable;
- (b) at any time to legal entities which are authorised or regulated to operate in the financial markets or, if not so authorised or regulated, whose corporate purpose is solely to invest in securities;
- (c) at any time to any legal entity which has two or more of (1) an average of at least 250 employees during the last financial year; (2) a total balance sheet of more than €43,000,000 and (3) an annual net turnover of more than €50,000,000, as shown in its last annual or consolidated accounts;
- (d) at any time to fewer than 100 natural or legal persons (other than qualified investors as defined in the Prospectus Directive) subject to obtaining the prior consent of the relevant Dealer or Dealers nominated by the Issuer for any such offer; or
- (e) at any time in any other circumstances falling within Article 3(2) of the Prospectus Directive,

provided that no such offer of Notes referred to in (b) to (e) above shall require the Issuer or any dealer to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive.

For the purposes of this provision, the expression an “**offer of Notes to the public**” in relation to any Notes in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to

enable an investor to decide to purchase or subscribe the Notes, as the same may be varied in that Member State by any measure implementing the Prospectus Directive in that Member State and the expression “**Prospectus Directive**” means Directive 2003/71/EC and includes any relevant implementing measure in each Relevant Member State.
