This Series Memorandum incorporates by reference the contents of the programme memorandum (the "**Programme Memorandum**") dated 30 December 2010 relating to Boiro Finance B.V. (the "**Issuer**"). This Series Memorandum is supplemental to, and should be read in conjunction with, the Programme Memorandum and the Programme described therein. Save as provided below, the Issuer has taken all reasonable care to ensure that the information contained in this Series Memorandum is true and accurate in all material respects and that in the context of the issue of the Notes, there are no other material facts which would make misleading any statement herein or in the Programme Memorandum. The Issuer accepts responsibility accordingly.

The Issuer accepts responsibility for the information contained in this Series Memorandum. To the best of the knowledge and belief of the Issuer (which has taken all reasonable care to ensure that such is the case), such information contained in this Series Memorandum is in accordance with the facts and does not omit anything likely to affect the import of such information.

The delivery of this Series Memorandum at any time does not imply that any information contained herein is correct at any time subsequent to the date thereof.

The Notes are issued on the terms set out in this Series Memorandum read together with the Programme Memorandum.

This Series Memorandum does not constitute an offer of Notes and may not be used for the purposes of, an offer or solicitation by anyone in any jurisdiction in which such offer or solicitation is not authorised or to any person to whom it is unlawful to make such offer or solicitation, and no action is being taken to permit an offering of the Notes or the distribution of this Series Memorandum in any jurisdiction where such action is required.

No person has been authorised to give any information or to make representations other than those contained in this Series Memorandum in connection with the issue or sale of the Notes and, if given or made, such information or representations must not be relied upon as having been authorised by the Issuer, the Dealer, the Trustee or any of them. Neither the delivery of this Series Memorandum nor any sale made in connection herewith shall, under any circumstances, create any implication that there has been no change in the affairs of the Issuer since the date hereof.

Particular attention is drawn to the sections of this Series Memorandum headed "Investor Suitability" and "Risk Factors".

THE NOTES HAVE NOT BEEN AND WILL NOT BE REGISTERED UNDER THE UNITED STATES SECURITIES ACT OF 1933, AS AMENDED (THE "**SECURITIES ACT**"), OR ANY STATE SECURITIES LAWS, AND THE ISSUER IS NOT AND WILL NOT BE REGISTERED UNDER THE UNITED STATES INVESTMENT COMPANY ACT OF 1940, AS AMENDED (THE "**INVESTMENT COMPANY ACT**"). THE NOTES MAY NOT BE OFFERED, SOLD OR OTHERWISE TRANSFERRED WITHIN THE UNITED STATES OR TO, OR FOR THE ACCOUNT OR BENEFIT OF, ANY U.S. PERSON (AS DEFINED IN REGULATION S UNDER THE SECURITIES ACT).

Each purchaser or holder of Notes will be deemed to represent that it is not, and for so long as it holds any Notes will not be, an employee benefit plan subject to the fiduciary responsibility provisions of ERISA, a plan subject to Section 4975 of the United States Internal Revenue Code of 1986, as amended, a person or entity whose assets include the assets of any such employee benefit plan or plan by reason of 29 C.F.R. Section 2510.3-101 or otherwise, or any other employee benefit plan without regard to the federal, state, local or foreign law pursuant to which the plan is organized or administered, and such purchaser or holder is not using the assets of any such plan to acquire the Notes.

RISK FACTORS

The following is a description of certain aspects of the issue of the Notes of which any prospective purchaser of Notes should be aware, but it is not intended to be exhaustive and any prospective purchaser of Notes should also read the detailed information set out elsewhere in this document and in particular, the attention of prospective purchasers of Notes is drawn to “Risk Factors” in the Programme Memorandum.

The purchase of any Notes involves substantial risks. Each prospective purchaser of Notes should be familiar with instruments having characteristics similar to the Notes and should fully review all documentation for and understand the terms of the Notes and the nature and extent of its exposure to risk of loss.

Before making an investment decision, prospective purchasers of, or investors in, Notes should conduct such independent investigation and analysis regarding the Issuer, the Notes, the Mortgaged Property, each Counterparty under a Charged Agreement and all other relevant persons and such market and economic factors as they deem appropriate to evaluate the merits and risks of an investment in the Notes. However as part of such independent investigation and analysis, prospective purchasers of Notes should consider carefully all the information set forth in the Programme Memorandum relating to the Programme and the Issuer and this Series Memorandum and the considerations set out below.

Investment in the Notes is only suitable for investors who:

- (1) have the requisite knowledge and experience in financial and business matters, and access to, and knowledge of, appropriate analytical resources, to evaluate the information contained in this Programme Memorandum and the relevant Series Memorandum and the merits and risks of an investment in the Issuer in the context of such investors’ financial, tax and regulatory circumstances and investment objectives;
- (2) are capable of bearing the economic risk of an investment in the Issuer for an indefinite period of time and the risk of the entire loss of any investment in the Issuer;
- (3) are acquiring the Notes for their own account for investment, not with a view to resale, distribution or other disposition of the Notes; and
- (4) recognise that there is no secondary market for the Notes, and no secondary market is expected to develop in respect thereof, so that the purchase of the Notes is suitable only for investors who can bear the risks associated with a lack of liquidity in the Notes and who are prepared to hold the Notes for an indefinite period of time or until the final redemption or maturity of the Notes.

The Issuer and the Arranger may, in their discretion, disregard interest shown by a prospective investor even though that investor satisfies the foregoing suitability standards.

Limited Recourse

All payments to be made by the Issuer in respect of the Notes, Receipts and Coupons (if any) of each Series and any Charged Agreement relating to such Series will only be due and payable from and to the extent of the sums received or recovered from time to time by or on behalf of the Issuer or the Trustee in respect of the Mortgaged Property in relation to such Series of Notes (the “Relevant Sums”).

To the extent that the Relevant Sums are less than the amount which the holders of the Notes, Receipts and Coupons (if any) and any Counterparty expected to receive (the difference being referred to herein as a “**shortfall**”), such shortfall will be borne, following enforcement of the security for the Notes, in the inverse of the order of priorities on enforcement specified in Condition 4(d), unless otherwise provided in the applicable Series Memorandum and the related Constituting Instrument and/or Additional Charging Instrument, if applicable.

Charged Assets

To the extent that the nominal amount and/or market value of the Charged Assets is at any time less than the nominal amount and/or market value of the Notes and the other obligations secured on the Mortgaged Property, investor’s exposure to the other assets comprising the Mortgaged Property, the Counterparty and the other obligors in respect thereof is increased.

Limitation on claims against the Issuer

There can be no assurance that the amount payable on any early redemption or enforcement of the security for the Notes will be equal to the outstanding principal amount of the Notes. Any shortfall in payments due to the Noteholders will be borne in accordance with the Priority of Payments specified in Paragraph 11 of “the Terms and Conditions of the Notes”, and any claims of the Noteholders remaining after a mandatory redemption of the Notes or a realisation of the security and application of the proceeds as aforesaid shall be extinguished. None of the Programme Parties or the obligors under the Mortgaged Property (other than the Issuer) has any obligation to any Noteholder for payment of any amount owing by the Issuer in respect of the Notes.

Limited liquidity

There is currently no market for the Notes and there can be no assurance that any secondary market will develop and, if a secondary market does develop, that it will provide Noteholders with liquidity of investment or that it will continue for the life of the Notes. Consequently, a purchaser must be prepared to hold the Notes for an indefinite period of time.

Early Redemption of the Notes under Conditions 7 (b), 7 (c) or 9

The Notes may be subject to early redemption under Condition 7 (b) Mandatory redemption, Condition 7 (c) Redemption for taxation and other reasons, and Condition 9 Events of Default. In the event that the Notes are redeemed prior to the Maturity Date in accordance with such provisions, it is very unlikely that the funds available to the Issuer for making payments in respect of interest and principal amounts of the Notes will be sufficient. Accordingly, if the Notes are subject to early redemption under any of such provisions, investors are exposed to the loss a substantial part or, even, all of their investment on the Notes, including both principal and accrued interest.

Credit Considerations

A prospective purchaser of the Notes should have such knowledge and experience in financial and business matters and expertise in assessing credit risk that it is capable of evaluating the merits, risks and suitability of investing in the Notes including any credit risk associated with the Issuer, any Counterparty or other obligor with respect to the Mortgaged Property. None of the Issuer, any of the Programme Parties or any of their respective affiliates will have any responsibility or duty to make any such investigations, to keep any such matters under review or to provide the prospective purchasers of the Notes with any information in relation to such matters or to advise as to the attendant risks.

Prospective purchasers of Notes should take into account, when making a decision as to whether or not to invest in the Notes, that the timing of redemption of the Notes, the amount due to be paid upon redemption of the Notes and the timing and the amount of any interest and principal due on the Notes is dependent on the performance of the Charged Agreement.

Taxation

Each Noteholder will assume and be solely responsible for any and all taxes of any jurisdiction or governmental or regulatory authority, including, without limitation, any state or local taxes or other like assessment or charges that may be applicable to any payment to it in respect of the Notes. The Issuer will not pay any additional amounts to Noteholders to reimburse them for any tax, assessment or charge required to be withheld or deducted from payments in respect of the Notes.

Legality of purchase

None of the Issuer, any of the Programme Parties or any of their respective affiliates has or assumes responsibility for the lawfulness of the acquisition of the Notes by a prospective purchaser of the Notes, whether under the laws of the jurisdiction of its incorporation or the jurisdiction in which it operates (if different), or for compliance by that prospective purchaser with any law, regulation or regulatory policy applicable to it.

Arm's-length contractual counterparty

The Counterparty is merely an arm's-length contractual counterparty to the Issuer and is not its financial adviser or fiduciary.

Independent Review and Advice

Each prospective purchaser of Notes is responsible for its own independent appraisal of and investigation into the business, financial condition, prospects, creditworthiness, status and affairs of any obligor under the Charged Assets, as well as the risks in respect of the Notes and their terms, including, without limitation, any tax, accounting, credit, legal and regulatory risks.

Business Relationships

The Issuer, any of the Programme Parties and any of their respective affiliates may be affiliated to each other (other than the Issuer) or have existing or future business relationships with each other or with any issuer or obligor of a Charged Asset (including, but not limited to, lending, depository, risk management, advisory and banking relationships), and will pursue actions and take steps that they deem or it deems necessary or appropriate to protect their or its interests arising therefrom without regard to the consequences for a Noteholder.

Volatility

The market value of the Notes (whether indicative or firm) will vary over time and may be significantly less than par (or even zero) in certain circumstances. The Notes may not trade at par or at all.

The Notes are not capital protected

Prospective investors should be aware that the Notes are not capital protected. If the Notes are not redeemed early then in certain circumstances the Redemption Amount may be less than the outstanding principal amount of the Notes.

Investments in Equity Linked Notes

Equity Linked Notes are debt securities which do not provide for predetermined redemption amounts but amounts due in respect of principal will be dependent upon the performance of the Underlying Shares. In addition, interest amounts will also be dependent upon the performance of the Shares.

An investment in Equity Linked Notes therefore entails significant risks that are not associated with similar investments in a conventional fixed or floating rate debt security. These risks include, among other things, the possibility that:

- the Underlying Shares may be subject to significant fluctuations in their value;
- the holder of an Equity Linked Note could lose a portion of the principal of such Note (whether payable at maturity or upon redemption or repayment)

Exposure to the Swap

The investor will be exposed to the risk of the swap counterparty and to the market exposure of the interest rate swap.

Reference should be made to the selling restrictions set out in the section headed “Subscription and Sale” contained in the Programme Memorandum and the following selling restrictions, which will apply to the Notes in the relevant jurisdiction(s) in which such Notes are offered or sold. In the event of any inconsistency between the Programme Memorandum and this Series Memorandum, this Series Memorandum shall prevail.

European Economic Area

In relation to each Member State of the European Economic Area which has implemented the Prospectus Directive (each, a “**Relevant Member State**”), each Dealer (or, where there is more than one Dealer, the Arranger and each Dealer) has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that with effect from and including the date on which the Prospectus Directive is implemented in that Relevant Member State (the “**Relevant Implementation Date**”) it has not made and will not make an offer of Notes which are the subject of the offering contemplated by this Programme Memorandum as completed by the Series Memorandum in relation thereto to the public in that Relevant Member State except that it may, with effect from and including the Relevant Implementation Date, make an offer of such Notes to the public in that Relevant Member State:

- (a) if the Series Memorandum in relation to the Notes specify that an offer of those Notes may be made other than pursuant to Article 3(2) of the Prospectus Directive in that Relevant Member State (a “**Non-exempt Offer**”), following the date of publication of a prospectus in relation to such Notes which has been approved by the competent authority in that Relevant Member State or, where appropriate, approved in another Relevant Member State and notified to the competent authority in that Relevant Member State, provided that any such prospectus has subsequently been completed by the Series Memorandum contemplating such Non-exempt Offer, in accordance with the Prospectus Directive, in the period beginning and ending on the dates specified in such prospectus or final terms, as applicable and the Issuer has consented in writing to its use for the purpose of that Non-exempt Offer;
- (b) at any time to any legal entity which is a qualified investor as defined in the Prospectus Directive;
- (c) at any time to fewer than 100 or, if the Relevant Member State has implemented the relevant provision of the 2010 PD Amending Directive, 150, natural or legal persons (other than qualified investors as defined in the Prospectus Directive), subject to obtaining the prior consent of the relevant Dealer or Dealers nominated by the Issuer for any such offer; or
- (d) at any time in any other circumstances falling within Article 3(2) of the Prospectus Directive,

provided that no such offer of Notes referred to in (b) to (d) above shall require the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Directive, or supplement a prospectus pursuant to Article 16 of the Prospectus Directive.

For the purposes of this provision, the expression an “**offer of Notes to the public**” in relation to any Notes in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe the Notes, as the same may be varied in that Member State by any measure implementing the Prospectus Directive in that Member State,

the expression “**Prospectus Directive**” means Directive 2003/71/EC (and amendments thereto, including the 2010 PD Amending Directive, to the extent implemented in the Relevant Member State), and includes any relevant implementing measure in the Relevant Member State and the expression “**2010 PD Amending Directive**” means Directive 2010/73/EU.
