This Series Memorandum incorporates by reference the contents of the programme memorandum (the “**Programme Memorandum**”) dated 30 December 2010 relating to Boiro Finance B.V. (the “**Issuer**”). This Series Memorandum is supplemental to, and should be read in conjunction with, the Programme Memorandum and the Programme described therein. Save as provided below, the Issuer has taken all reasonable care to ensure that the information contained in this Series Memorandum is true and accurate in all material respects and that in the context of the issue of the Notes, there are no other material facts which would make misleading any statement herein or in the Programme Memorandum. The Issuer accepts responsibility accordingly.

The Issuer accepts responsibility for the information contained in this Series Memorandum. To the best of the knowledge and belief of the Issuer (which has taken all reasonable care to ensure that such is the case), such information contained in this Series Memorandum is in accordance with the facts and does not omit anything likely to affect the import of such information.

The delivery of this Series Memorandum at any time does not imply that any information contained herein is correct at any time subsequent to the date thereof.

The Notes are issued on the terms set out in this Series Memorandum read together with the Programme Memorandum.

This Series Memorandum does not constitute an offer of Notes and may not be used for the purposes of, an offer or solicitation by anyone in any jurisdiction in which such offer or solicitation is not authorised or to any person to whom it is unlawful to make such offer or solicitation, and no action is being taken to permit an offering of the Notes or the distribution of this Series Memorandum in any jurisdiction where such action is required.

No person has been authorised to give any information or to make representations other than those contained in this Series Memorandum in connection with the issue or sale of the Notes and, if given or made, such information or representations must not be relied upon as having been authorised by the Issuer, the Dealer, the Trustee or any of them. Neither the delivery of this Series Memorandum nor any sale made in connection herewith shall, under any circumstances, create any implication that there has been no change in the affairs of the Issuer since the date hereof.

Particular attention is drawn to the sections of this Series Memorandum headed “Investor Suitability” and “Risk Factors”.

THE NOTES HAVE NOT BEEN AND WILL NOT BE REGISTERED UNDER THE UNITED STATES SECURITIES ACT OF 1933, AS AMENDED (THE “**SECURITIES ACT**”), OR ANY STATE SECURITIES LAWS, AND THE ISSUER IS NOT AND WILL NOT BE REGISTERED UNDER THE UNITED STATES INVESTMENT COMPANY ACT OF 1940, AS AMENDED (THE “**INVESTMENT COMPANY ACT**”). THE NOTES MAY NOT BE OFFERED, SOLD OR OTHERWISE TRANSFERRED WITHIN THE UNITED STATES OR TO, OR FOR THE ACCOUNT OR BENEFIT OF, ANY U.S. PERSON (AS DEFINED IN REGULATION S UNDER THE SECURITIES ACT).

Each purchaser or holder of Notes will be deemed to represent that it is not, and for so long as it holds any Notes will not be, an employee benefit plan subject to the fiduciary responsibility provisions of ERISA, a plan subject to Section 4975 of the United States Internal Revenue Code of 1986, as amended, a person or entity whose assets include the assets of any such employee benefit plan or plan by reason of 29 C.F.R. Section 2510.3-101 or otherwise, or any other employee benefit plan without regard to the federal, state, local or foreign law pursuant to which the plan is organised or administered, and such purchaser or holder is not using the assets of any such plan to acquire the Notes.

RISK FACTORS

The following is a description of certain aspects of the issue of the Notes of which any prospective purchaser of Notes should be aware, but it is not intended to be exhaustive and any prospective purchaser of Notes should also read the detailed information set out elsewhere in this document and in particular, the attention of prospective purchasers of Notes is drawn to “Risk Factors” in the Programme Memorandum.

The purchase of any Notes involves substantial risks. Each prospective purchaser of Notes should be familiar with instruments having characteristics similar to the Notes and should fully review all documentation for and understand the terms of the Notes and the nature and extent of its exposure to risk of loss.

Before making an investment decision, prospective purchasers of, or investors in, Notes should conduct such independent investigation and analysis regarding the Issuer, the Notes, the Mortgaged Property, each Counterparty under a Charged Agreement and all other relevant persons and such market and economic factors as they deem appropriate to evaluate the merits and risks of an investment in the Notes. However as part of such independent investigation and analysis, prospective purchasers of Notes should consider carefully all the information set forth in the Programme Memorandum relating to the Programme and the Issuer and this Series Memorandum and the considerations set out below.

Investment in the Notes is only suitable for investors who:

- (1) have the requisite knowledge and experience in financial and business matters, and access to, and knowledge of, appropriate analytical resources, to evaluate the information contained in this Programme Memorandum and the relevant Series Memorandum and the merits and risks of an investment in the Issuer in the context of such investors’ financial, tax and regulatory circumstances and investment objectives;
- (2) are capable of bearing the economic risk of an investment in the Issuer for an indefinite period of time and the risk of the entire loss of any investment in the Issuer;
- (3) are acquiring the Notes for their own account for investment, not with a view to resale, distribution or other disposition of the Notes; and
- (4) recognise that there is no secondary market for the Notes, and no secondary market is expected to develop in respect thereof, so that the purchase of the Notes is suitable only for investors who can bear the risks associated with a lack of liquidity in the Notes and who are prepared to hold the Notes for an indefinite period of time or until the final redemption or maturity of the Notes.

The Issuer and the Arranger may, in their discretion, disregard interest shown by a prospective investor even though that investor satisfies the foregoing suitability standards.

Limited Recourse

All payments to be made by the Issuer in respect of the Notes, Receipts and Coupons (if any) of each Series and any Charged Agreement relating to such Series will only be due and payable from and to the extent of the sums received or recovered from time to time by or on behalf of the Issuer or the Trustee in respect of the Mortgaged Property in relation to such Series of Notes (the **“Relevant Sums”**).

To the extent that the Relevant Sums are less than the amount which the holders of the Notes, Receipts and Coupons (if any) and any Counterparty expected to receive (the difference being referred to herein as a “**shortfall**”), such shortfall will be borne, following enforcement of the security for the Notes, in the inverse of the order of priorities on enforcement specified in Condition 4(d), unless otherwise provided in the applicable Series Memorandum and the related Constituting Instrument and/or Additional Charging Instrument, if applicable.

Charged Assets

To the extent that the nominal amount and/or market value of the Charged Assets is at any time less than the nominal amount and/or market value of the Notes and the other obligations secured on the Mortgaged Property, investor’s exposure to the other assets comprising the Mortgaged Property, the Counterparty and the other obligors in respect thereof is increased.

Limitation on claims against the Issuer

There can be no assurance that the amount payable on any early redemption or enforcement of the security for the Notes will be equal to the outstanding principal amount of the Notes. Any shortfall in payments due to the Noteholders will be borne in accordance with the Priority of Payments specified in Paragraph 11 of “the Terms and Conditions of the Notes”, and any claims of the Noteholders remaining after a mandatory redemption of the Notes or a realisation of the security and application of the proceeds as aforesaid shall be extinguished. None of the Programme Parties or the obligors under the Mortgaged Property (other than the Issuer) has any obligation to any Noteholder for payment of any amount owing by the Issuer in respect of the Notes.

Limited liquidity

There is currently no market for the Notes and there can be no assurance that any secondary market will develop and, if a secondary market does develop, that it will provide Noteholders with liquidity of investment or that it will continue for the life of the Notes. Consequently, a purchaser must be prepared to hold the Notes for an indefinite period of time.

Early Redemption of the Notes under Conditions 7 (b), 7 (c) or 9

The Notes may be subject to early redemption under Condition 7 (b) Mandatory redemption, Condition 7 (c) Redemption for taxation and other reasons, and Condition 9 Events of Default. In the event that the Notes are redeemed prior to the Maturity Date in accordance with such provisions, it is very unlikely that the funds available to the Issuer for making payments in respect of interest and principal amounts of the Notes will be sufficient. Accordingly, if the Notes are subject to early redemption under any of such provisions, investors are exposed to the loss a substantial part or, even, all of their investment on the Notes, including both principal and accrued interest.

Credit Considerations

A prospective purchaser of the Notes should have such knowledge and experience in financial and business matters and expertise in assessing credit risk that it is capable of evaluating the merits, risks and suitability of investing in the Notes including any credit risk associated with the Issuer, any Counterparty or other obligor with respect to the Mortgaged Property. None of the Issuer, any of the Programme Parties or any of their respective affiliates will have any responsibility or duty to make any such investigations, to keep any such matters under review or to provide the prospective purchasers of the Notes with any information in relation to such matters or to advise as to the attendant risks.

Prospective purchasers of Notes should take into account, when making a decision as to whether or not to invest in the Notes, that the timing of redemption of the Notes, the amount due to be paid upon redemption of the Notes and the timing and the amount of any interest and principal due on the Notes is dependent on the performance of the Charged Agreement.

Taxation

Each Noteholder will assume and be solely responsible for any and all taxes of any jurisdiction or governmental or regulatory authority, including, without limitation, any state or local taxes or other like assessment or charges that may be applicable to any payment to it in respect of the Notes. The Issuer will not pay any additional amounts to Noteholders to reimburse them for any tax, assessment or charge required to be withheld or deducted from payments in respect of the Notes.

Legality of purchase

None of the Issuer, any of the Programme Parties or any of their respective affiliates has or assumes responsibility for the lawfulness of the acquisition of the Notes by a prospective purchaser of the Notes, whether under the laws of the jurisdiction of its incorporation or the jurisdiction in which it operates (if different), or for compliance by that prospective purchaser with any law, regulation or regulatory policy applicable to it.

Arm's-length contractual counterparty

The Counterparty is merely an arm's-length contractual counterparty to the Issuer and is not its financial adviser or fiduciary.

Volatility

The market value of the Notes (whether indicative or firm) will vary over time and may be significantly less than par (or even zero) in certain circumstances. The Notes may not trade at par or at all.

The Notes are not capital protected

Prospective investors should be aware that the Notes are not capital protected. If the Notes are not redeemed early then in certain circumstances the Redemption Amount may be less than the outstanding principal amount of the Notes.

Investments in Index Linked Notes

Index Linked Notes are debt securities which do not provide for predetermined redemption amounts but amounts due in respect of principal will be dependent upon the performance of the index. In addition, interest amounts will also be dependent upon the performance of the index.

An investment in Index Linked Notes therefore entails significant risks that are not associated with similar investments in a conventional fixed or floating rate debt security. These risks include, among other things, the possibility that:

- the index may be subject to significant fluctuations in their value;
- the holder of an Index Linked Note could lose a portion of the principal of such Note (whether payable at maturity or upon redemption or repayment).

Exposure to the Swap

The investor will be exposed to the risk of the swap counterparty and to the market exposure of the interest rate swap.

Amendment to Section 6.8(e):	The words "the level of the relevant Index at the close of the regular trading session on the relevant Exchange" on lines 4 and 5 of Section 6.8(e) of the Equity Definitions shall be deleted and replaced with the words "the official closing level of the Index as calculated and published by the Index Sponsor".
Scheduled Trading Day:	Any day on which: (i) the Index Sponsor is scheduled to publish the level of the Index; and (ii) the Related Exchange is scheduled to be open for trading for its regular trading session.
Exchange Business Day:	Any Scheduled Trading Day on which: (i) the Index Sponsor publishes the level of the Index; and (ii) the Related Exchange is open for trading during its regular trading session, notwithstanding the Related Exchange closing prior to its Scheduled Closing Time.
Valuation Time:	(i) For the purposes of determining whether a Market Disruption Event has occurred: (a) in respect of any Component Security, the Scheduled Closing Time on the Exchange in respect of such Component Security, and (b) in respect of any options contracts or future contracts on the Index, the close of trading on the Related Exchange; and (ii) in all other circumstances, the time at which the official closing level of the Index is calculated and published by the Index Sponsor.
Market Disruption Event:	<p>Either:</p> <p>(a) the occurrence or existence, in respect of any Component Security, of:</p> <p>a Trading Disruption, which the Calculation Agent determines is material, at any time during the one hour period that ends at the relevant Valuation Time in respect of the Exchange on which such Component Security is principally traded;</p> <p>an Exchange Disruption, which the Calculation Agent determines is material, at any time during the one hour period that ends at the relevant Valuation Time in respect of the Exchange on which such Component Security is principally traded; OR</p> <p>an Early Closure; AND</p> <p>the aggregate of all Component Securities in respect of which a Trading Disruption, an Exchange Disruption or an Early Closure occurs or exists comprises 20 per cent. or</p>

more of the level of the Index; OR

For the purposes of determining whether a Market Disruption Event exists in respect of the Index at any time, if a Market Disruption Event occurs in respect of a Component Security at that time, then the relevant percentage contribution of that Component Security to the level of the Index shall be based on a comparison of (x) the portion of the level of the Index attributable to that Component Security to (y) the overall level of the Index, in each case using the official opening weightings as published by the Index Sponsor as part of the market "opening data".

Trading Disruption:	Any suspension of or limitation imposed on trading by the relevant Exchange or Related Exchange or otherwise and whether by reason of movements in price exceeding limits permitted by the relevant Exchange or Related Exchange or otherwise: (i) relating to any Component Security on the Exchange in respect of such Component Security; or (ii) in futures or options contracts relating to the Index on the Related Exchange.
